IMPLEMENTATION OF PROJECT CACA SAFETY TEXTBOOKS BASED ON  
LIFE SKILLS AND VALUE EDUCATION IN THE SCHOOL UNDER  
ASSAM RIFLES WELFARE EDUCATION SOCIETY

Sir,

1. We are glad to inform that Assam Rifles Welfare Education Society (ARWES) is implementing Project CACA Safety Textbooks based on life skills and value education in the schools under its aegis from the forthcoming academic year 2019-20 for classes UKG-XII. This decision was taken apropos to the consensus built with parents, teachers and support staff of Assam Rifles at the workshops conducted at Assam Rifles HQ, Laitkor Shillong on Monday, September 10 and Tuesday, September 11 2018.

2. ARWES acknowledge that empowerment of children for prevention of child sexual abuse is the need of the hour. We appreciate the efforts of various academicians, psychiatrists, psychologists, pediatricians, school counsellors, special educators, judges, lawyers, amongst others who helped shape up the project.

3. We truly believe in the adage ‘Prevention is better than cure’ and are glad to be a part of this collaborative effort by Project CACA to create a safer and healthier living environment for our children.

(Joseph Antony)  
Major  
Officiating Director, ARWES  
for President, ARWES
