

# Who Let the Dogs Out?

- A pet is not a toy; don't get one just because your friend has one.
- Cute pictures on social media don't show the hard work behind owning a pet.
- Pets need your time, including regular walks, training, and vet appointments.
- Get your pets vaccinated every year to keep them healthy.
- Keep pet dogs on a leash during morning and evening walks.
- Don't keep breeds from Siberia and Europe in India, as they may have health issues in a tropical climate.
- Adopt indie dogs instead of shopping for breeds.

"The question is not, 'Can they reason?' nor, 'Can they talk?' but rather, 'Can they suffer?'"

- Jeremy Bentham
