

Project CACA is being implemented under the school's safety policy. The school strives towards an inclusive and child-sensitive learning environment. Effective measures are taken to establish and strengthen prevention and response mechanisms, support services and strategic partnerships with concerned government and non-government organisations on various issues related to children's safety and wellbeing. The school continuously builds its capacity and compliance toward a zero-tolerance attitude for child abuse and other safety-related matters on infrastructure, transportation, health, hygiene, personal safety, social and emotional safety, cybersafety, emergency preparedness and disaster management. Children's safety and child rights are inherent in the school syllabus. All the stakeholders, i.e., children, parents, teachers and support-staff, are regularly engaged, sensitised and trained on children's safety, wellbeing and various related laws.

## Project CACA bibliography/rationale
